

Goldfine Is Indicted by a Federal Jury

WASHINGTON (AP)—A federal grand jury today indicted Boston industrialist Bernard Goldfine on a charge of contempt of Congress.

The 18-count indictment was based on Goldfine's refusal to answer 22 questions put to him by the House Subcommittee on Legislative Oversight, which last summer investigated Goldfine's relationship with Sherman Adams, then assistant to President Eisenhower.

The committee heard testimony that Goldfine, an old friend of Adams, made valuable gifts to Adams and that Adams had contacted federal agencies investigating Goldfine enterprises.

The questions Goldfine refused to answer were mostly about his financial dealings with a Boston company he controls.

The House voted a contempt citation 379-0 on Aug. 13.

The law provides for maximum penalties of a year in jail and a fine of \$1,000 for each count of contempt proven in court.

Body of Woman Shot in Head Is Found

YAN BUREN, Ark. (AP)—The body of a housewife who had been shot in the head was found in the yard of her home at nearby Chesler last night, officers reported.

Sheriff Tom Wilbanks said Mrs. Royce Petty, 38, apparently had been shot with a .45 caliber revolver found at the scene.

The sheriff said Mrs. Petty left the house while playing checkers. When she failed to return her 58-year-old husband went to look for her last night, officers reported.

Wilbanks said Petty reentered the house and told other persons there he had stumbled over something in the darkness. The body was found by persons investigating this report, the sheriff said.

Coroner A. E. Thorne without a verdict pending investigation of the death.

Mrs. Petty's other survivors include a son and two daughters.

Another Red Purge Hits Security Chief

By THOMAS P. WHITNEY
AP Foreign News Analyst

The removal of army Gen. Ivan Selov as chief of Soviet security, or the secret police, is a reminder that this powerful position is one of the most dangerous and thankless in the world.

Most men who have held it have come to a bad end.

Felix Dzerzhinsky was the first Soviet security and secret police head to take office Dec. 20, 1917. Dzerzhinsky died of a heart attack July 20, 1926, after delivering a violent attack on enemies of Joseph Stalin.

Vyacheslav Menzhinsky held the security job eight years. The official record says that Menzhinsky was poisoned in 1934 by the Trotskyite-Bukharinite enemies of the people.

Henry Yagoda lasted from February 1934 to September 1936. He was tried in the most famous "Moscow trial" of Stalin, convicted of poisoning Menzhinsky and others, and shot March 15, 1938.

Nikolai Yezhov, Yagoda's successor, was the bloodiest of the worst massacre of intellectuals. He gave his name to the Communists' carried out — Stalin's purge of 1937-38.

The most recent security purge, called the KGB, pronounced "Kays-Gay-Ray" standing for Committee on state security, was formed to take over intelligence, counterintelligence and key security matters generally. Gen. Sergey was named chairman when it was set up in early 1943.

11.5 Million Bales Latest Cotton Guess

WASHINGTON (AP)—The Agriculture Department estimated yesterday that Arkansas' 1958 cotton crop would total 920,000 bales, an average of 433 pounds per acre.

The department made the estimate in its final report of the year.

The entire domestic crop was estimated at 11,581,000 bales compared to 10,964,000 in 1957.

Arkansas' gainings this year totaled 801,773 running bales compared to 728,771 last year.

No Change in Sight From Cold Weather

By THE ASSOCIATED PRESS

Arkansans shivered in the grip of wintry weather today and the weatherman cautioned that no change was in sight immediately.

Temperatures are expected to dip into the mid-teens in north Arkansas tonight and it won't be much warmer in the southern portion of the state.

The U. S. Weather Bureau at Little Rock had no reports of snow anywhere in the state. A spokesman said a flurry or two might have been sighted but that was all.

Forecasters looked for cloudy skies through tomorrow.

High readings today are expected to range from mid 20s to mid 30s in the north to the mid 30s to mid 40s in the south. Lows tonight will vary from 15 degrees in the extreme north to 28 in the extreme south, weathermen said. Tomorrow's highs will be from 30 to 40.

Coldest spot in Arkansas early today was Mountain Home which reported a low of 18. Other frigid spots included Fulton 20, Batesville and Fayetteville 21, Gilbert 23, Walnut Ridge 26, Newport 27, Ozark 8 and Dardanelle and Fort Smith 29.

Post Office Urges Public to Mail Early

Postmaster Robert Wilson said today, "We hope to keep up our good record on Christmas mails by getting everything processed and delivered well before Christmas Eve."

He said further that much depends on public cooperation in mailing Christmas cards and gifts during the next few days. Response to his "Mail Early" appeals, date has been excellent. Now it is a case of keeping up the good work to avoid the last minute Christmas mail pile-ups.

You can do both yourself and the Post Office a real favor by securing free labels at the post office which read "All Out of Town Delivery" and "All for Local Delivery." Place these labels on bundles of cards with local addresses and on those with out-of-town destinations and mail your out-of-town Christmas cards several days in advance of those intended for local delivery.

Plan your mailing so that all cards and gifts for distant points are mailed first. Try to get all of your out-of-town cards and gifts into the Post Office by Dec. 10 and those for nearby points on Dec. 15.

The Postmaster has asked the cooperation of all business firms to postpone the mailing of circulars and catalogs until after Dec. 25 to keep the mails clear for the Christmas rush.

Beginning now the stamp and parcel post windows will be open from 8 a. m. to 6 p. m. Saturdays included. The windows are always crowded at lunchtime so the Postmaster suggests that packages be mailed before 10 a. m. or between 1:30 and 3:30 p. m.

Women's Group to Protest Alford Vote

LITTLE ROCK (AP)—The Women's Emergency Committee to Open Our Schools plans to formally protest the write-in general election victory of Dr. Dale Alford over Rep. Brooks Hays (D, Ark.).

Mrs. Joe R. Brewer, chairman of the women's committee, said yesterday affidavits would be sent to a special investigating committee of the U. S. House of Representatives supporting a protest the women telegraphed Nov. 26.

The affidavits contain charges of irregularities in the election, Mrs. Brewer said.

John F. Wells, publisher of a weekly newspaper here, previously filed a petition asking the House committee to investigate the election.

Alford, a segregationist, defeated Hays, a racial moderate, by 1,256 votes out of approximately 60,000 cast.

Truck Drivers Victims of Gas Poisoning

LANCASTER, Mo. (AP)—Three Arkansas truck drivers who died in a bunkhouse at a truck stop here last weekend apparently were killed by carbon monoxide poisoning, authorities in Arkansas and Missouri reported yesterday.

Coroner Bryce Norman of Lancaster said a laboratory report of the Missouri Highway Patrol showed that a saturation of 75 to 80 per cent carbon monoxide was in blood samples of two men who died Sunday. A concentration of 60 to 65 per cent is enough to cause death, the laboratory reported.

The Missouri laboratory tested blood samples from the bodies of John Parker, 27, of Little Rock, Ark., and William Briner, 22, of Malmgren, Ark., employees of the D. W. Hoskins Trucking Co. of Malmgren.

They had been sent to Lancaster to return the truck of a third Hoskins driver, Louis Lee Warden, 24, of Little Rock, who had died Friday in the same bunkhouse at Ed Judd's truck stop.

At Little Rock, the Arkansas Highway Patrol examiner, Dr. Hans Schlumberger, said an autopsy indicated that Warden, too, was a victim of carbon monoxide.

Although Warden's death had first been attributed to heart trouble by Missouri authorities, Schlumberger said in a letter of a heart ailment was found.

He added, however, that the cause of Warden's death would not be positive until further tests were completed in a day or two.

Norman and two Missouri state gas inspectors yesterday found a bird's nest in the vent of a water heater in the bunkhouse.

"But I still think the stove must have been at fault instead of the water heater," Norman said, "because I understand that water heater didn't have any vent at all for a year or two and nobody was hurt."

The coroner said the stove would be turned on and the air tested today or tomorrow. The frame bunkhouse contains only a bathroom and space for four or five beds.

Both the stove and water heater used bottled gas.

150 Women Attend Council Yule Party

Approximately 150 women attended the HD Council Christmas party held last week in the Fellowship Hall, Hope Gospel Church, here.

Ernest Graham, Council president, presided during the day and presented the following program:

Group singing of Christmas carols by Mrs. Graham, accompanied by Mrs. Roy Seyward; Devotional, "The story of the wise men," Rev. Rufus Sorrells; Pastor First Methodist Church; Report on National meeting held in Wichita, Kansas, Mrs. Graham; vocal selections Star of the East and How Long Has It Been, Charolene Goad; The Christmas Story, A Mother and Her Child, Mrs. Hazel Jordan, State HDA and Improving Home Demonstration Work, Dorothy Price, District HD Agent.

Mrs. Graham introduced both the retiring and incoming board members, followed by a report on HD accomplishments given by Mrs. Larnay Williams, Council Secretary-Treasurer.

During the afternoon session the gifts were exchanged from the beautifully decorated holly tree furnished by Mrs. Lester Kent and decorated by the Hinton HD.

Table decorations were by the Liberty Hill HD. Victory HD was in charge of registration and giving out the gifts. Centerville HD served as the clean-up committee.

Mrs. Howard Reece, Shover Springs HD, received the door prize.

The traditional Christmas dinner was served at noon with the Hometown HD serving as hostess club.

Declares School Crisis Linked to Communist Plot

LITTLE ROCK (AP)—State Rep. Patrick Kusem said today a special legislative committee fully expects to prove the school integration crisis here is connected with what he called a "Communist plot."

Van Dalsem is chairman of the special education committee of the Arkansas Legislative Council—the out-of-regular session General Assembly.

The 12-member committee will begin hearings Monday on the question of whether subversive elements are involved in the racial integration dispute at Little Rock.

"The committee investigation of the Central High School situation has been under way for nearly a year but no report on any findings has been made public."

Van Dalsem said today that he expects to hear about 15 witnesses. The hearing Monday will be closed for briefing of committee members. Public proceedings are to start Tuesday and probably will last three or four days, Van Dalsem said.

The Perry County legislator said he felt there was little doubt that subversive activities played a part in the racial crisis.

He said everything the committee turns up will be thoroughly documented.

"We can't deal with hearsay evidence and we don't want to hurt any innocent person," Van Dalsem said. "But we are not going to listen to any speculating by a bunch of radicals."

Yesterday Atty. Gen. Bruce Bennett, assigned to handle questioning of witnesses and introduction of evidence at the probe, predicted the hearings would reveal that a subversive "scheme" led to the outbreak of the Central High crisis.

On Sept. 2, 1957, Gov. Orval E. Faubus ordered Central High with state guardsmen. Faubus said the had information that violence would erupt. Negro students were admitted when the school opened the following day.

The hearings, Van Dalsem said, would provide "a historical background" showing Communist activity in Arkansas from 1925 to the present.

Bennett said that among first witnesses was Secretary of State C. C. Hall, former U. S. Gov. J. S. (Boss) Shaver of Wynne and Pulaski Chancellor Guy E. Williams.

The attorney general said these witnesses would lay groundwork for hearings to follow.

Asked if Faubus might be called as a witness Bennett declined comment.

"This kind of hearing is very tough," he said. "We want to move carefully to make certain that no innocent person is damaged in any way."

Hall said he had no advance information on what questions might be asked him. But he indicated he might be queried about his actions in barring Communist Party candidates from Arkansas' 1940 ballot and Henry Wallace, presidential candidate of the Progressive Party, from the 1948 ballot.

The others named as witnesses by Bennett were not available for comment.

Worker Idleness Hits Chrysler

DETROIT, Mich. (AP)—Worker idleness at Chrysler Corp. auto factories hit close to the 20,000 mark in the Dodge strike.

Layoffs in the Detroit area and at Indiana and New York plants swelled the total in the week end production rates dispute with the United Auto Workers Union.

The layoffs, which also affect Plymouth production, were attributed mainly to parts shortages Chrysler said the strike ultimately can idle 30,000 workers.

The union's 7,000 workers at the key Dodge Main plant walked out last Tuesday, charging an unfair production speedup. The company denies this.

Included in the Dodge plant are Dodge car assembly, two foundries and a stamping operation.

Negotiators failed Monday to reach agreement and met again today.

Miller May Have Order on Hearing Day

LITTLE ROCK (AP)—U. S. District Judge John E. Miller said yesterday he probably will hand down an order in the Little Rock integration controversy Jan. 8—the day he has scheduled a hearing in the case.

Miller's order will implement a mandate of the Eighth U. S. Circuit Court of Appeals for positive steps toward school integration here.

The mandate, entered by a 3-judge panel of the appellate court, also instructed Miller to join the Little Rock school Board and others from leaving public school property for operation as private, segregated schools.

Miller set Jan. 8 for a hearing on the mandate to permit interested parties to present arguments. But the judge admitted that the mandate left little room for judicial "discretion."

"The fact that I will probably issue an order the day of the hearing does not mean I have in mind now what my order will be," Miller said. "I have in mind generally what it will be, but the specific provisions will be determined after the hearing."

While the mandate directed that affirmative steps be made toward integration specific details were left up to the district judge.

Miller said the entire membership of the school board would be bound by a decision of the board's majority. Any defiance of a federal court order, the judge continued, could cause all board members to be cited for contempt.

John Wilson New President of Hope C of C

Former Mayor John L. Wilson last night was elected the new president of Hope Chapter of Commerce, succeeding Jack Lowe, whose term is expiring.

Mr. Wilson will be inducted into office at the annual membership meeting and banquet to be held in January at the Hope High School cafeteria. The principal speaker has not been announced, but is expected to be an executive of Arkansas Power & Light Company.

Directors of the chapter of commerce last night also elected Fred O. Ellis as first vice-president; W. H. Gunter, Jr., second vice-president; Frank Douglas, treasurer; and B. N. Holt, secretary-manager.

The membership roster of the chapter of commerce at present totals 178, but an intensive drive is expected to get underway shortly for at least 80 new members.

Much of the work program outlined for the coming year hinges on new members, new enthusiasm, and greater financial facilities in which to carry out the work projects.

Nation Shivers in Pre-Winter Blast of Cold

By THE ASSOCIATED PRESS

A prewinter blast of snow and cold gave a midwinter settling to broad areas from the Continental Divide to New England today.

Bitter cold knifed into Midwest sections as snow diminished in most areas west of the Mississippi Valley. The snow, however, continued in the Northeast. The worst snowstorm in history hit Oswego, N.Y., with a record fall of 30 inches in a 24-hour period. A state of emergency was declared for the Lake Ontario city.

Lowest temperatures of the season were reported in many parts of the snow belt from the Rockies to deep into the mid-Mississippi Valley and the Missouri Valley.

Below zero temperatures were common throughout Montana and the Dakotas and were reported as far south as central sections of Illinois and Indiana and in southern Iowa.

One of the coldest spots was International Falls, Minn., on the Canadian border. The thermometer dipped to 28 degrees below zero, which was a slight improvement over Monday's 32 reading.

In South Dakota it was 15 at Philip and 14 at Huron. Minnesota's Twin Cities of Minneapolis and St. Paul shivered in readings around 10 below and northward at Duluth, it was colder. Chicago had its coldest day since last February with a low of 6 below. Six inches of snow covered areas in the city and suburbs.

The storm which dumped snow falls ranging from more than a foot to three inches across the reached New England during the night. The southern boundary of the snow belt was the Ohio River, southern Pennsylvania and the metropolitan New York area. More than two inches fell early in the night in New England.

State Board Not to Hold Up Tax Money

LITTLE ROCK (AP)—The State Board of Education yesterday evaded a requirement for withholding aid from school districts which fail to comply with Arkansas' property reassessment law. The board sent out fifth allotment payments in advance of the Dec. 15 reassessment deadline.

Education Commissioner Arch Ford said the action would permit the 1959 legislature to consider the situation before aid is withheld.

The next apportionment of funds will not come until late January or February, he said. Ford added that this should give the General Assembly—which meets Jan. 12—plenty of time to decide whether the reassessment program will be continued as planned or altered.

Under present law, school districts failing to bring property appraisals up to 18 per cent of market value by Dec. 15 this year would lose a percentage of state funds due them.

The requirement is 20 per cent by Dec. 15 next year.

Committee May Hear Publisher Monday

LITTLE ROCK (AP)—John Wells, publisher of a weekly newspaper here, said today he has asked a special House investigating committee to hear him Monday in connection with his charges of election irregularities in Arkansas' Fifth Congressional District.

Wells said he had telegraphed members of the committee to ask if they would hear him.

He said he planned to be in Washington Monday, carrying additional data to support his contention of irregularities in the election of write-in candidate Dale Alford of Little Rock to the House in the Nov. 4 general election.

Alford, a segregationist member of the Little Rock School Board, ousted veteran Rep. Brooks Hays (D-Ark.), a moderate on the racial integration issue.

The special committee previously had announced it would meet Monday.

Wells is editor and publisher of the Arkansas Recorder.

Group Invites Explanation From Judge

WASHINGTON (AP) — Senate rackets probes today publicly invited an explanation from U.S. Dist. Judge James C. Connell of Cleveland on a recent ruling favorable to Ohio Teamsters Union leaders who were faced with a revolt by a rank-and-file group.

They suggested the judge might like to testify also about his alleged acceptance of a \$100 silver champagne bucket in 1955 from those same leaders.

The references to the judge highlighted a brief committee hearing which touched lightly on the question of whether Fourteen town, Ohio, Teamsters Local 877 operates a shakedown of juke box and vending machine operators.

Arthur G. Kaplan, a staff investigator, testified he has found evidence that the local does.

The judge declined comment on the invitation to testify. He explained his decision was a local matter and was decided strictly on the law.

The references 3rd graf. The story of the \$100 champagne bucket bobbed into the hearings amid blasts from Sen. John L. McClellan (D-Ark), the committee chairman, and Sen. Barry Goldwater (R-Ariz) against a recent ruling by Connell barring from union election ballots a slate of candidates trying to unseat Blum, et al and other incumbent officials backed by Ohio Teamsters leader William Press and Teamsters President James R. Hoffa.

After the session, reporters asked McClellan whether the committee plans any communication with the judge.

"This is all there will be unless he requests to testify," McClellan replied. Then, after a moment's hesitation, he added: "So far as I know now."

Thousands Are Rioting in Venezuela

By RICHARD G. MASSOCK
CARACAS, Venezuela (AP) — Thousands rioted in Caracas Monday night in support of a losing presidential candidate, threatening Venezuela's transition from dictatorship to a constitutional regime.

No word on developments in the Venezuelan capital had been received in New York early today since shortly after midnight. Overseas telephone operators said

their channels to Caracas were out of order.

The rioters were supporters of Rear Adm. Wolfgang Larrazabal, head of the junta which took control of the government after the overthrow of dictator Marcos Perez Jimenez. In return Venezuela las presidential election he as trailing former President Romulo Betancourt, head of the leftists but anti-Communist Democratic Ar-

tion party. Latest returns gave Betancourt 1,067,380 votes to 925,540 for Larrazabal. Rafael Caldera of the Christian Socialist party had 316,000 votes. Larrazabal had accepted Communist backing in the campaign and carried the vote in Caracas overwhelmingly, but Betancourt piled up what looked like an insurmountable lead outside the capital.

Word that Betancourt appeared the winner brought Larrazabal supporters many of them youths pouring into the streets where seven months ago demonstrators rushed up U. S. Vice President Richard M. Nixon. Small groups clashed with police and tried to march on the headquarters of the Electoral Council, where the official vote count was in progress.

Edsel Ranger 2-door sedan

Makes history by making sense!

Check the new official price labels for Edsel's new, low prices

The new law says that every car must have a label showing the manufacturer's suggested retail price—and Edsel Dealers are even happier about it than the public! Because Edsel prices didn't go up this year—they went down! The 1959 Edsel is now priced with the most popular three—and the price labels prove it! Edsel's four new high-efficiency engines prove some thing else important—real gas economy. They include

a thirty six with a great test-track record—and a new economy V-8 that uses regular gasoline! Edsel's new size makes sense, too. Six-passenger room inside—less length outside. And less useless car weight. So it's much easier to handle than long, bulky cars. Try the one that's proud to wear its price—proud to prove it makes sense. See your Edsel Dealer! Riddgill & Kauffman Exchange Vows
On Saturday, Dec. 6, Miss Leona Riddgill and Don Franklin Kauffman pledged their marriage vows in the home of the bride's parents, Mr. and Mrs. Ernest Riddgill. The bridegroom is the son of Mr. and Mrs. John H. Kauffman.

Baskets of mixed flowers in pastel shades provided a pretty setting for the double-ring ceremony performed by Dr. John H. McLaughlin, pastor of the First Baptist Church.
The bride was lovely in a street length dress of white nylon lace over satin with a wide satin cummerbund. It was fashioned with a jewel neckline and three quarter length sleeves. With it, she wore lace mitts and a small white hat trimmed with sequins. She had a corsage of lavender orchids.

Mr. and Mrs. John Kauffman of Magnolia, brother and sister-in-law of the bridegroom, were the couple's only attendants. The mother of honor, attired in blue, pinned a pink carnation corsage at her shoulder.
Both Mrs. Riddgill, mother of the bride, and Mrs. Kauffman, mother of the groom, were dressed in shades of blue and wore corsages of pink carnations.

A small reception was held in the dining room of the Riddgill home following the wedding. The bride's table, covered with a white cloth embossed with white flowers, was centered with an arrangement of pink and white flowers and white tapers.
Mrs. William Stephenson served the tiered wedding cake, while Mrs. Frank Schooley poured the fruit punch. Miss Bettye Ann McCulley presided at the bride's book.

Mrs. W. L. McElwain of Harlington, Texas, was an out-of-town guest at the wedding of her granddaughter.
When the couple left for a wedding trip to the Rio Grande Valley and Mexico, she wore a black woolen suit with a white blouse and hat. Her other accessories were black and she pinned her orchid corsage at her shoulder.

Upon their return, the couple will make their home in Hope.

Wants to Spend Life in Jail

MIAMI, Fla. (AP) — Estelle Mason, 63, wanted to spend the rest of her life in jail. Instead, the judge turned her loose.
"I hoped I'd get life," said Mrs. Mason. "All I got to live on is a \$30 a month pension and where can you live in Miami on \$30 a month? In jail I never had it so good—radio, food served in my room and no dishes."

Returned from a year in a mental hospital, the white-haired Mrs. Mason pleaded guilty in Circuit Court Monday to a charge of manslaughter and received a five-year suspended sentence.
She was ordered confined to the state mental hospital in Chattahoochee last year after standing a second-degree murder trial for the Sept. 11, 1937, slaying of her

DOROTHY DIX

Housewife Hunts Hints On How to Speed-Up

Dear Dorothy Dix:

I feel I have become a recluse and its all my own fault. I can't seem to mix with my neighbors because I'm a slow worker and there is never time to visit with them. It takes me longer to make a bed, do dishes, dust, everything. We just built our own home and still don't have many appliances. I lighten up inside when visitors come. I feel my house isn't looking as nice as it should, the boys aren't dressed up enough or I'm not as tidy as I should be. Then there's the problem of refreshments. The very thought so scares me that I never invite people to a meal. I'm scared that I won't have the right thing, but what I do have won't turn out right or I won't have it ready on time (my chief worry). Have all kinds of fears, haven't I? I'm nervous and excitable. My husband and I are active church workers. I'm busy all the time but don't get much satisfaction from what I'm doing and never have fun. I have thought of consulting a psychiatrist but my husband refused this because he says they are too expensive and there is nothing wrong with me anyway. What to do

Dear Girl: If hubby doesn't object to the cost, I suggest, as a first step, that you consult a doctor who will give you a really thorough examination, consultation and treatment. I don't mean a ten-minute visit, either. This won't be the complete answer to your troubles, but it will help a lot.

brother Irving DuBarry, 61.
At her insistence, the state recently agreed to retry her for manslaughter, giving her a second chance at her goal-life in prison.

Second, Change your attitude. Stop thinking of slowness as a handicap. Have you forgotten the tortoise and the hare? There's more truth in that story than is grasped at first. Daily chores must be performed but they need not be distasteful. Turn on the radio while you wash dishes or dust furniture. It's a wonderful cheerer. Third: Use every short cut you can. Cook with mixers, dust with the new product that sprays on and wipes off, clean your floors with an old reliable that doesn't need rinsing or drying. Liquid detergents are marvelous for dishes — and I could go on through the entire roster of duties. Fourth: Change your attitude toward company. Regard guests as pleasant visitors instead of critical ones. People just don't care if your house is spotless or your children immaculate as long as you are a pleasant person. A cup of tea and some cookies will do for refreshments. Fifth: For further hints, send a stamped, self-addressed envelope for my leaflet, "Home Management."

Dear Dorothy Dix:
My parents say my boy friend doesn't have manners. He comes in without knocking and sometimes calls after 10 p. m. — Wendie.

Dear Wendie: Well, what do you think? Would you walk into someone's home without knocking? Your folks should lock the door and issue an edict of "No calling after 9 p. m."

Dear Dorothy Dix: I have a very important question to ask and prefer your opinion in writing. Do you reply by mail, what are the charges, and is the matter kept confidential? — P. P.

Dear P. P.: A stamped, self-ad-

Conway Resident Sees a Bear

CONWAY, Ark. (AP) — A taxi driver said he saw a bear in the northern section of Conway last night. And a couple spotted one just outside of town.
Bill Eubanks, the driver, reported that the bruin he spotted was "pretty big."
He described it as a black bear. Eubanks said he saw the animal near the campus of Hendrix College. It entered a house under construction, he told authorities.
Police found no trace of any bears.

The Conway bear sighting reports were the latest in a series which started several weeks ago. Bears invaded Jonesboro on two successive nights. One ambled into a cotton field near Hixie and sent pickets fleeing. There were scattered reports of other bear visits and a big bruin was slain at Springdale.

The Arkansas Game & Fish Commission recently imported a number of bears from Minnesota to diversify wildlife. Commission

officials said the imported animals were turned loose in the Bald Knob area.

Cincinnati Gets First Place in Basketball Poll

By THE ASSOCIATED PRESS

The University of Cincinnati which achieved a top 10 ranking in basketball for the first time last season and perennially strong Kentucky, 1958 NCAA champion, are the choices of the experts as the teams to beat this season.

The first Associated Press poll of the season, Cincinnati Bearcats were a solid No. 1 and Kentucky a strong second. These ratings were based on the results of games through last Saturday, Dec. 6, and on the opinions of 102 participating sports writers and broadcasters.

Cincinnati's high rating unquestionably was based in part on the fact that the Bearcats still have All America Oscar Robertson while such stars of last season as Walt Chamberlain and Elgin Baylor have gone on to pro ball.

The Bearcats were given first place on 38 of the 102 ballots and amassed a total of 834 points on the usual basis of 10 for each first place vote 9 for second etc.

Kentucky drew 20 first-place votes and 695 points, Kansas State, St. John's (N.Y.) 56 each.

Meador Ranked 5th in Rushing Yardage

NEW YORK (AP) — Eddie Meador of Arkansas Tech, a Little All America halfback, picked up 1,096 yards this season, good for fifth place in rushing among the nation's small college football players.

The final 1959 statistics of the NCAA Service Bureau released yesterday, showed that Meador with only 10 firsts to 17 for West Virginia, edged the Mountaineers for third 641 to 634.

Completing the first to were North Carolina State, Tennessee, Kansas, Mississippi State, St. Louis and Northwestern. All were unblemished through Saturday.

The top 10, with first-place votes in parentheses:

1. Cincinnati (38)	834
2. Kentucky (20)	695
3. Kansas State (10)	641
4. West Virginia (17)	634
5. N. C. State (5)	603
6. Tennessee (2)	585
7. Kansas (1)	584
8. Mississippi State (9)	574
9. St. Louis (1)	571
10. Northwestern (1)	548

The second 10: Notre Dame 430; Auburn 127; North Carolina 112; St. Mary's (Calif.) 101; Michigan State 91; Xavier (Ohio) 85; Marquette 77; Southern Methodist 69; Indiana 60; Oklahoma State; and St. John's (N.Y.) 56 each.

Porkers Play LSU Tonight at Shreveport

SHREVEPORT, La. (AP) — The Arkansas Razorbacks and the Louisiana State Tigers will clash in a basketball game here tonight.

It will be LSU's second game this season. Last Thursday the Tigers turned back Birmingham-Southern 79-72.

The Razorbacks opened their season by dropping an overtime contest with Missouri, then defeated Oklahoma.

In addition to Arkansas, the Southeastern Conference Tigers will meet three other Southwest Conference teams this month — Rice, Texas and Texas Tech.

got his yardage on 135 carries in nine games. This compared with 1,358 yards last season at Dale Mills of Northeast Missouri State Teachers as rushing leader, compiled in 106 carries during nine games.

Saratoga in Double Win at Guernsey

Saratoga basketballers won a double header from Guernsey last Friday night in the Saratoga Gym.

Myra McLarey hit for 23 points to pace the Saratoga senior girls to their 7th straight win, 51-35. Linda Bristol made 17 for Guernsey.

Saratoga senior boys romped to a 61-31 victory with McElroy Dillard getting 12. William Foster took scoring honors for the losers with 22.

Bob Petit Has Lead in Pro Cage Scoring

NEW YORK (AP) — Bob Petit of the St. Louis Hawks produced 405 points in four games last week to displace rookie Elgin Baylor of the Minneapolis Lakers as the leading scorer in the National Basketball Assn.

Petit, the 1955-56 scoring champion, has compiled 533 points in 20 games, figures released by league headquarters disclosed today. His 29.2 average also is tops, Baylor, who only played one game last week, dropped to second with 525 points in 21 games. Paul Arizin of the Philadelphia Warriors, a two-time scoring leader, ranks third with 516 in 20 games. Arizona was fourth a week ago.

Kenny Sears of the New York Knickerbockers maintained his field goal accuracy lead with a .516 percentage on 143 baskets in 277 shots. Boston's Bill Sharman, connecting on 96 free throws in 103 attempts for a .932 percentage, remains tops in this department.

Bill Russell of the Celtics has snared 426 rebounds compared with 353 for runnerup Petit to set the pace in this category.

Lubanski at Top in Bowling Tournament

CHICAGO (AP) — Ed Lubanski of Detroit and defending champion Marion Ladewig of Grand Rapids, Mich., paced a field of 32 finalists into the match play phase of the second annual World's Invitational Bowling Tournament today.

The 16 men and 16 women who reached the final round will begin head to head matches today under the Petersen point system. Even will bowl four matches a day through Friday night when the champions will be crowned in the Chicago Coliseum.

Under the Petersen system one point is given for each game won plus an additional point for each 50 pins. An additional half-point is given for losing the majority of games in a match while out-totaling the opponent.

Lubanski rolled a 30-game total of 7,778 to finish far ahead of the field.

Mrs. Ladewig, already seeded into the finals, finished with a total of 5,111 pins for 24 games. This gave her a 173pin edge over second place Jere Price of Fort Worth Tex., who had 4,938. Former All-Star champion Sylvia Wene of Philadelphia finished third with 4,918.

In the men's division, Lubanski was 60 pins ahead of second place Dennis Chapis of St. Louis, the youngest entrant in the field. Chapis posted 7,712 pins while defending champion Don Carter of St. Louis, who although exempt from qualifying, finished third with 7,687.

Baseball Great Dies After a Fishing Trip

By THE ASSOCIATED PRESS

Baseball men everywhere mourned this Speaker today as a great center fielder — perhaps the best of all time — a fine and understanding manager, a good influence on younger players and a wonderful person.

Speaker, 70, died at Whitney, Tex., Monday. Expressions of sympathy and admiration poured in today from his former teammates and rivals and from baseball officials everywhere.

"He was the best center fielder of all time," said George Duffy, Lewis, who played with Speaker and Harry Hooper in a famed outfield combination of the Boston Red Sox. Lewis now travels secretary of the Milwaukee Braves.

Speaker, said he was terribly shocked at the news and added: "This Speaker was a good friend of mine and the outstanding player among the group of us."

He noted Hooper and myself as "Joe Fohl" who managed the Cleveland Indians during Speaker's playing days there, said: "I can't say anything but good. He was a fine man in every respect."

"He was like a second father to me. He gave me my first chance in major league baseball," said Joe Sewell, who played under Speaker as manager. "He was our

a message For Drivers Under 25

MANY DRIVERS in your age group, because of their attitude and the misuse of their automobiles, are damaging the reputation of all motorists under 25 and are forcing insurance companies to charge higher premiums for the entire group.

As a class, you could be the best drivers on the road. Your ability to learn, to gauge distance and speed, and to react quickly in emergencies is exceptional.

Why, then, is the death rate in motor vehicle accidents greater for youthful drivers than for any other age group? Why, also, is the frequency of accidents tragically high as well?

The accident record gives us the answer. Some individuals lack maturity, responsibility and good judgment. They like to take chances and show off. This minority in your age group usually gets into trouble by excessive speed, failure to yield the right of way, driving on the wrong side of the road and even driving under the influence of alcohol.

Young drivers everywhere are organizing. You, too, can help. The following are a few excerpts from a code of driving ethics recently adopted by a group of youthful motorists:

- "I shall keep myself physically, mentally and emotionally fit at all times while I'm driving.
- Keep my automobile mechanically safe.
- Give full attention to my driving.
- Practice courtesy and good sportsmanship while driving.
- Base my actions on common sense and the exercise of my best judgment.
- Join with others in showing disapproval of the individuals whose failure to observe this code brings criticism on young drivers."

In the final analysis, all of you — working together — can help restore the good name that rightfully belongs to you. The application of common sense and good judgment would soon overcome your reputation of being the most dangerous group of drivers on the road.

Board Okays \$11 Million School Loans

LITTLE ROCK (AP)—The State Board of Education today okays \$11 million dollars worth of school construction loans and expressed optimism over the increase in school district indebtedness.

By law a school district is able to borrow money on a basis of 15 per cent of the total property valuation assessment in a district. As various districts advanced in the assessment program and assessments are boosted, the district's borrowing power rises.

W. D. McKay of Magnolia, a board member, said he felt school districts were getting too close to their 15 per cent limit and that a curfew should be placed on them.

However, Board Chairman Marvin Bird of Earle said he saw the way to curb a school district short of the 15 per cent reassessment limit because that limit was fixed by statute.

Bird added: "I agree that it is bad business for a school district to continue to increase its indebtedness, while if we had a recession some of them would be in deep financial trouble. But I see no way to stop them without changing the law."

A school official, who asked not to be identified, estimated school districts are doubling their limits of borrowing power. He said he thought the Arkansas Legislature "would do something about this."

Truman Says President Mad at Him

WASHINGTON (AP)—Harry S. Truman said today that President Eisenhower is "mad at me...I don't give a damn."

The former chief executive made his comment at a National Press Club luncheon where he was asked if he believes anything could be accomplished by his serving in a consulting capacity to the present president.

"Of course I don't know...I have never been in touch with the President since I left the White House," Truman replied in a sort of meditative tone.

He went on to say that "there isn't anything personal between the President and myself."

But then he began to warm up: "I raised hell with him in the 1952 campaign when he didn't knock Jenner off the platform when he called Gen. Marshall a traitor, and he's been made at me ever since."

Truman paused and then snapped: "I don't give a damn." The reference was to former Sen. William E. Jenner (R-Ind.) and to Gen. George Marshall, who was Army chief of staff during World War II and later secretary of state.

Dulles Reportedly Making Progress

WASHINGTON (AP)—Secretary of State John Foster Dulles today was reported continuing to make satisfactory progress in recovering from the inflamed colon condition which hospitalized him Friday night.

The State Department said his temperature was normal and that he was in good spirits.

A spokesman said the 71-year-old Dulles still plans to leave for Paris Friday or Saturday, as originally scheduled, to talk with the British, French, and West German foreign ministers about the Berlin crisis.

Press officer Lincoln White said plans for the trip assumes there will be continuing satisfactory progress in relieving the inflammatory condition.

Dulles was operated on two years ago at the Army's Walter Reed Hospital for cancer of the small intestine. White told newsmen doctors still have found no evidence of any recurrence of the cancer.

Dulles plans to spend several days at the hospital.

THE STORY OF MARTHA WAYNE

Baseball Men Mourn Death of Speaker

By HAROLD V. RATLIFF

HUBBARD, Tex. (AP)—This team (Tris) Speaker, the famed "Pray Eagle" of the major leagues, died Monday and baseball mourned the passing of one of its greatest stars.

A heart attack claimed the man who was called the finest center

fielder of all time. He died after a fishing trip at Lake Whitney, 30 miles west of his home here.

From the high echelons and from the bushes of baseball came messages of sorrow. Speaker was lauded for the tremendous contribution he made to the game he loved so well that he played it for 340 months.

The body was brought to Hubbard and is at the Wolfe Funeral Home.

Interment will be in Fairview Cemetery where his father and mother and other kinsmen are buried.

Speaker and a fishing crony, Charles Vaughn, had pulled their boat into the dock after an afternoon on Lake Whitney. The 70-year-old member of Baseball's Hall of Fame collapsed and died. Dr. John Latham of Whitney, the attending physician, certified that the cause was coronary occlusion.

Speaker had had one previous heart attack—in 1954. Last August he entered a Cleveland hospital for observation as a precautionary measure. He had been experiencing pains in his arms.

But Mrs. Speaker said he had been feeling well lately, going fish-

MacKey Nearly Out But Olmedo Wins

By WILL GRIMSLEY
Associated Press Sports Writer

MELBOURNE (AP)—Big Barry MacKey of Dayton, Ohio, was on the brink of elimination, but his American Davis Cup teammate, Alex Olmedo, had taken a 6-4 set from Australia's Mal Anderson when cold rain halted the quarter-finals today in the Victorian Tennis Championships.

Andres Gimeno, a 21-year-old Spaniard with lightning reflexes, won the first two sets from MacKey, 6-3, 6-4, and the third was tied 6-6 when a drizzle sent players and spectators scurrying from the Kooyong Courts.

Tournament directors announced

ing three or four times a week. "He likes to be outdoors," he said.

Surviving are his widow and two sisters, Mrs. Alma Lindsey of Abilene, Texas and Mrs. Pearl Scott of Hubbard.

Speaker was a great left-handed hitter with a lifetime major league batting average of .344 in 22 seasons with the Boston Red Sox, Cleveland Indians, the Washington Senators and Philadelphia Athletics. His highest average was .389 in 1925. He also was a great defensive player. He was on three world championship teams—Boston in 1912 and 1915 and Cleveland in 1920. He managed the latter team from 1919 to 1926.

Speaker started in professional baseball in 1906 with Cleburne of the Texas League. The day he signed a contract he was "fined" \$10.00. Doak Roberts, president of the Cleburne club, told about it years later.

Roberts had driven in his bright new buggy to the field where Speaker was playing a semipro game. He called Tris over to talk contract and Speaker, wearing baseball spikes, climbed onto the hub of the buggy. Roberts noted he had scrapped some of the paint off so he signed Speaker to a contract at \$10 a month. Roberts had meant to make it \$50, but held back the \$10 to repair the buggy.

Speaker started as a pitcher but couldn't get the other side out. The Cleburne club was going to release him but the owner, noting that Speaker was a fine hitter, kept him and sent him to the outfield. He went on to major league glory.

SMU Easily Disposes of Wisconsin

By SHELDON SAKOWITZ
Associated Press Sports Writer

A new college basketball era may be dawning for Northwestern as the Big Ten preseason favorites, is justifying the evaluations thus far. The Wildcats, 10th in the first Associated Press weekly poll, turned back Notre Dame, No. 11 in the listings, 68-63 Monday night.

The victory was Northwestern's third in a row. Kansas, No. 7, bowed to upstart Denver 73-60 for its first setback after victories over Rice and Canisius. The 7-foot Chamberlain joined the Harlem Globetrotters after two seasons at Kansas. Joe Ruklick clicked for 30 points as Northwestern snapped Notre Dame's streak of 18 straight victories at home. The lead changed hands 13 times and the score was tied 12 times before a pair of jump shots by Phil Warren put the Wildcats in front to stay.

Unheralded Denver spurred for 42 points in the second half after leading 31-29 at the intermission to humble Kansas.

Only two other members of the top 10 saw action. Kentucky, No. 2, turned on the power in the second half to throttle Duke 78-64. Sid Cohen led the way with 19 points. Eighth-ranked Mississippi State, behind Bailey Howell's 20-point barrage, wallowed Arkansas

the remaining quarterfinal singles matches will be completed early Wednesday, before the semifinal matches in the men's doubles.

Only one quarter-final match was completed before the weather took over. Top-seeded Ashley Cooper, Australia's Wimbledon and U.S. champion, fought off a strong rally by countryman Bob Mark 6-3, 6-3, 6-8, 12-10.

In the other match, an all-Aussie affair, Neale Fraser led Rod Laver 6-3, 5-3 in a battle of left-handers.

State 72-57.

North Carolina (No. 13), leading at halftime by just one point, began to click after the intermission and routed Virginia 83-61 with Harvey Salt hitting for 19 points. Michigan State (No. 15) outmassed Butler 72-46. Johnny Green sparked the Spartans with 18 points.

Marquette, No. 17, lost to Nebraska 62-60 despite a second-half rally that just fell short. The Commuters led 33-26 at halftime. SMC, No. 18, easily disposed of Wisconsin 81-63. St. John's of New

British Champ Will Try to Collect Bet

LONDON (AP)—Terry Downes, British middleweight champion, will attempt tonight to collect on a bet he lost two years ago.

Downes, a former U.S. Marine, meets Spider Webb of Chicago, third-ranked challenger for Sugar Ray Robinson's world title, in a 10-round bout at Wembley Auditorium. Both fighters hope it will elate to a championship bout.

For Downes, there's an additional incentive. While Downes was still a Leatherneck, Webb fought Dick Carter, then the British titleholder, in Chicago. The bout was televised into Downes' Marine camp at Quantico, Va. Terry wagered \$10 on his countryman, and when McAtee lost he paid out.

Back in his native land, Downes became a professional boxer—a real crowd pleaser—who has established himself as the best of

Britain's middle weights. If he beats Webb tonight, promoter Jack Solomon has promised that he'll try to get the 38-year-old Robinson over for a title fight in London.

Webb, a 2-1 favorite, also is after a bout with Robinson and says he doesn't intend to let his prospects suffer from a loss to Downes.

Since World War II the British Navy has been withdrawing from Bermuda and now maintains only a small station there.
